

## Vandal Resistant Wall Hung Trough Urinal 4 Sizes

Product Code: UWHA

Do your school urinals keep getting vandalised? Then look no further than our vandal resistant trough urinals. Constructed from 1.6mm-thick stainless steel, these units are a third thicker than most stainless steel urinals on the market, making them extremely resistant to damage, intentional or otherwise. The horizontal flushing pipes are also fully concealed to prevent tampering.

These vandal resistant trough urinals are supplied in three standard lengths, and are designed to be mounted to a wall at a height that suits your pupils. Each urinal comes with a free plastic cistern (vandal resistant options are available), stainless steel downpipe and central waste fitting.

### Delivery

Typically 1 to 2 working days
