Sequential Lever Operated Monobloc Mixer Tap

Product Code: LMMT

Chrome plated sequential mono bloc mixer tap with lever operation. The mixer tap has a fixed spout with a chrome plated brass body, and chrome plated lever. The sequential lever rotates through 180 degrees increasing temperature from cold to hot, making it ideal for less abled and younger users.

The tap has a ceramic disc valve making it very robust and trouble free, with hot and cold 15mm flexible water supply pipes to aid installation. The lever mixer tap is the ideal solution to supply pre-mixed water to school trough sinks where hands should be washed under running warm water.

Delivery

Typically 1 to 2 working days

Tech Spec

35mm tap hole required
