

Toggle Lever Basin Tap

Product Code: TLBTAP

This chrome plated toggle lever operated basin tap is ideal for use in schools and unsupervised areas to stop water wastage.

The manually operated toggle lever tap has a multidirectional lever which operates the tap when pushed in any direction, the water will run for approximately 15 seconds before automatically shutting off.

This operation makes the tap ideal for use by younger pupils in schools and nurseries, users with limited mobility, or in unsupervised areas such as sports changing rooms and washrooms.
