

Press Button Bib Tap

Product Code: TFBIB

Chrome plated press button time flow bib tap. Supplied as a single tap for wall mounting, the self-closing valve prevents the tap being left running and wasting water. Press button operation which is ideal for use with our wash troughs.

Delivery

Typically 1 to 2 working days

Tech Spec

Approx. 8 - 12 seconds' time flow.

Supplied as single taps, 22mm tap hole required.

WRAS approved.

Complete with hot and cold indices for hot, cold, or pre-mixed use.

Chrome plated brass body.

1/2" inlet.

Ideal for schools and nurseries, nursing homes, hospitals, and unsupervised areas.

To ensure the proper functioning and longevity of this unit, a Y-strainer must be installed as part of the water supply system. The Y-strainer is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer will result in the warranty being void.

Not suitable for use with bib tap extensions, wall plate elbows or our solid surface troughs.
