

Knee Operated Basin Valve

Product Code: KV- E

The knee operated time flow basin tap valve allows users hands free operation without the expense or complexity of infrared taps. Simply operated with the users knee, the multi directional lever can be pushed in any direction to operate the flow of water.

The knee valve is designed for use with cold or pre-mixed water supply, and water is dispensed through either basin or wall spouts which are available as optional extras.

Delivery

Typically 1 to 2 working days

Tech Spec

Multi directional operating lever
15 second time flow
Chrome plated brass body

Water Pressure

Max Inlet Pressure 5 bar
Min Inlet Pressure 0.1 bar
Max Inlet Temperature 65c
Flow time 15 seconds at 3 bar
Inlet Connection 15mm
Outlet Connection 15mm
