

Stainless Steel Close Coupled Suite

Product Code: BCC

Stainless steel close coupled WC suite with integral cistern for use in toilet areas where cisterns cannot be concealed. The toilet and cistern casing is manufactured from 1.2mm thick stainless steel for vandal resistance and durability.

The close coupled toilets are manufactured to order and supplied with an integral push button activated cistern.

The toilets can be supplied with a plain seat top (no seat), black plastic seat pads or a black plastic seat and cover. The toilets are supplied with a 100mm straight waste outlet.

Delivery

In stock 2 - 3 working days
