

## Junior Height Back To Wall WC Pan

Product Code: ASH-CBTWJ

This Armitage Shanks junior height toilet makes the perfect addition to any junior school washroom. Recommended for children aged between 7 and 11, these toilets are built from white vitreous china, a hygienic and long-lasting material that combines timeless looks with remarkable durability. These same properties also make it easy to maintain and clean.

Installing these back to wall junior height toilets is a straightforward affair; the unit is simply fastened to the floor using screws via the predrilled fixing holes. Each junior height WC can also be supplied with a plastic seat and lid in a choice of four bright hues; additional fixing holes on the rim of the WC mean that the seat can be locked in place for extra security.

A compatible Armitage Shanks plastic cistern with all the necessary fittings is also available; see the extras section for more information. These junior height toilets boast a water saving 4.5 litre flush, meaning you can help save the planet and reduce your water bills at the same time.
