Bottle Filling Fountain (Non-Chilled)

Product Code: BFFWM

Forget expensive bottled water - your students can get refreshment on-the-go with our wall-mounted stainless steel bottle filling fountain. Manufactured from long-lasting, vandal-resistant stainless steel and with an elegant swan neck faucet, these bottle filling stations are operated via a push button, meaning they can be used by even the youngest of pupils.

These bottle filling stations come with integral wall-fixing brackets so you can mount them at an appropriate height for your pupils, making them perfect for nurseries, junior schools, secondary schools, sixth forms and colleges. They're also supplied with a rounded front for safety and a deep bowl to stop splashing, so they're safe for use even in high traffic areas of your school.

Delivery

Typically 1 to 2 working days
Next working day delivery available for orders placed before 11.30am (at extra cost to standard delivery)

Tech specs

Material: 1.6mm thick stainless steel (304 grade)
Width: 350mm
Depth (front to back): 360mm
Height (top to bottom): 100mm plus 30mm splashback
Waste fitting: 32mm
Supplied with 3/8" threaded connection to the bottle filling tap.
Please note the bowl is satin finish the previous version had a bright polished bowl.
To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Extras

You can also customise your stainless steel bottle filler with the following accessories:

Traps
Plastic bottle trap (32mm)
Brass bottle trap, chrome-plated with chrome flange and waste pipe (32mm)

Related products

If your school is pushed for space, you may be interested in our recessed stainless steel bottle fillers. We also sell shrouded bottle fillers to help protect your pipework from damage.

You could also choose a wall-mounted stainless steel drinking fountain. These also come in a floor-standing design for extra durability. You could even go for a combined drinking fountain and bottle filler if space is a limiting factor for your hydration stations.
