

Recessed Drinking Fountain With Bottle Filler

Product Code: RDFBF

These recessed stainless steel recessed fountain contain both a drinking water tap and a bottle filling tap.

The combined fountain and bottle filler offers both point of use drinking water for the user and also a safe source of water for users to refill re-useable drinking water bottles. Both taps turn off automatically to prevent wasting water and refilling re-useable bottles helps prevent the waste caused by single use plastics.

Delivery

From stock typically 1 to 2 working days
