Wall Mounted Shrouded Bottle Filling Station (Non-Chilled)

Product Code: DFWHS-CF

A bottle filling station makes a cost-effective, eco-friendly alternative to bottled water. These shrouded bottle fillers are designed to protect your pipework from knocks, making them suitable for even the busiest areas of your school, sixth form or college - even gyms, sports halls and playgrounds.

When it comes to maintenance, the shroud has a removable base plate for easy access.

Each shrouded bottle filler has a graceful swan neck for easy filling, as well as an ergonomic press-button valve and a 32mm waste fitting. The unit can be mounted to a wall at any height you desire making it adaptable for users of all ages and heights.

Delivery

Typically 2 to 3 working days
Next working day delivery available for orders placed before 11.30am (at extra cost to standard delivery)

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.
