Foot Operated Bottle Filling Fountain (Non-Chilled)

Product Code: DFWHCF-FOP

This foot operated bottle filling station reduces the risks of cross contamination from touching water controls with your hands. Stainless steel heavy duty construction and hands free operation make this unit ideal for schools and colleges.

Delivery

From stock typically 1 to 2 working days

Tech Spec

Width: 305mm
Front to back: 350mm
Height: 150mm high plus 75mm splash back
Telescopic shroud 500 to 950mm

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void

WRAS approved on / off foot valve
WRAS approved chrome plated swan neck water spout
WRAS approved interconnecting pipework and water fittings
Manufactured from 1.6mm thick stainless steel
Complete with wall fountain, swan neck bottle filler, foot valve, telescopic shroud, wall bracket and 32mm waste fitting.

If installed outside please ensure that these are drained down in cold weather to avoid damage to the tap
