Foot Operated Bottle Filler (Non-Chilled)

Product Code: FOPBF

These foot operated bottle fillers are wall mounted with a foot valve and cover to conceal the interconnecting pipework.

Handsfree operation has become important to prevent cross contamination of germs and virus's. The large bottle filling aperture makes it easy to fill most sizes of refillable water bottles and helps reduce plastic waste associated with one use plastic bottles.

Delivery

From stock typically 1 to 2 working days

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void
