

Heavy Duty Bottle Filling Trough

Product Code: HDMBFS

Encourage Healthy Hydration in Schools with Our Easy-Access Bottle Filling Units

Keep students hydrated with our school-friendly, trough-style water bottle filling stations. Designed for shared use and easy access, these units come in 1200mm (2 users), 1500mm (3 users), 1800mm (4 users), and 2400mm (5 users) options. Each one features strong swan neck press-button taps and a 370mm projection, making it simple for children of all ages to fill their bottles quickly and safely. Ideal for classrooms, corridors, and dining areas – a practical, hygienic solution for schools that care about student wellbeing.

Delivery

From stock usually 1 to 2 working days.

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.
