Handsfree Bottle Filler Conversion

Product Code: HFBF-CONV

Handsfree bottle filler conversion. The no touch conversion is designed to convert your press button bottle fillers into a fully handsfree operation to help prevent the spread of germs.

The conversion comprises WRAS approved floor mounted foot valve and swan neck cup and bottle filler. Simply remove your old hand operated bubbler or bottle filling tap and install the new bottle filler and foot valve. Pipework will be required to the foot valve, and from the foot valve to the new tap.

Delivery

From stock typically 1 to 2 working days

Tech Spec

Handsfree chrome plated brass swan neck bottle and cup filler
WRAS Approved foot valve
Chrome plated swan neck bottle filling valve
1/2" BSP tail to the bottle filling tap
Adjustable flow control
1/2" BSP inlet and outlet connections on the foot valve

Related Products

Can also be supplied with a drinking water tap instead of bottle filler.
