Cleaners Bucket Heavy Duty

Product Code: BKTSK

Our heavy duty bucket sink comes complete with a hinged grating and is constructed from grade 304 stainless steel to give ease of maintenance and durability. These cleaners' bucket sinks come with a fixed hinged stainless steel grating, allowing the grating to be lifted out of the way when not required, but preventing it from being lost. The unit comes with a wall fixing points and front support legs to give a sturdy platform when filling buckets.

The integral splashback on the bucket sink will help to protect the walls of your school from water damage, and the sink comes with a 38mm waste fitting and can be customised with any of our range of waste traps and taps.

Delivery

Typically 1 to 2 working days
