

Biodrier Executive High Speed Hand Dryer

Product Code: BIO-EXEC

The Biodrier Executive is a revolutionary high speed automatic hand dryer with a brushless motor which utilises its own generated heat to warm the air saving power, money, and reducing your environmental impact. The brushless motor drastically increases the lifetime of the motor and reduces maintenance.

Three infrared sensors make sure accurate detection occurs, preventing delays in operation and false activation. An LED display gives a drying countdown and maintenance information such as drip tray emptying time. The lockable drip tray catches the water and offers simple removing and emptying.

The hand dryer outer cover is very hard wearing, rust proof, burn proof and has an anti-microbial coating making it hygienic and long lasting. Available in white, silver, gold or blue finish.

The hand dryer is fitted with a replaceable antibacterial filter and air freshener as standard making the unit hygienic and clean.

Delivery

Typically 2 to 3 working days

Technical Specification

Width: 330mm
Height: 660mm
Depth (front to back): 230mm
Net weight: 9Kg
Operating voltage: 220-240Vac, 50-60 Hz
Air speed: 150 m/s
Motor type: 35000 rpm, 2 speed adjustable brushless
Heater element: None
Rating power: 1200W
Display: Instructions and countdown
Circuit operation: Infrared automatic, self-adjusting
Timing protection: 20 seconds auto shut off
Drip proof: IP33
Isolation: Class II
Finish: Fireproof ABS, 94VO, PMMA, UV coated
Decibel rating: 80dba @ 1 meter
Water tank: LED indicator when tank is full
Filter: Antibacterial HEPA filter with LED full indicator
Air Freshener: Organic ocean breeze fragrance
CE, WEEE, GS approval
700-watt motor rating

5-year warranty for England and Wales (3 years on site parts and labour, years 4 & 5 parts only)
