Countertop Soap Dispenser

Product Code: SD-DM

This counter mounted liquid soap dispenser is designed to be mounted with the soap container below the countertop.

A 25mm diameter hole up to 90mm thick is required in the countertop to house the dispenser and should be positioned so that the spout can be rotated to direct the liquid soap over the bowl or sink.

The soap container holds 0.9 litre of liquid soap so shouldn't need filling too often, and when it does need filling this can be achieved from the top by removing the spout.

Delivery

Typically 1 to 2 working days

Tech Spec

Material: Chrome plated brass
Capacity: 900ml
102mm Long spout
Refilled from the top

Soap used in this and most other dispensers MUST be chloride free and ph neutral.
