
Stock 2500mm Stainless Steel Wash Trough

Product Code: WTS

Stainless steel wash trough 2500mm long (last size left).

This product is now end of line and has been replaced with the [new WTSN wash trough](#).

These economy school trough sinks are constructed from hardwearing, low-maintenance 304-grade stainless steel. Stainless steel is easy to clean and vandal resistant, making these wash troughs an excellent choice for schools, nurseries and other educational establishments.

Each wash trough comes supplied with integral wall-fixing brackets and a 38mm flush-grated waste fitting, as well as optional front support legs, [taps](#), and [traps](#). Support legs may be especially useful in high-traffic washrooms or in schools where pupils are likely to sit or lean on the fixtures.
