Wash Fountain 6 Person

Product Code: WF6

If you’re looking for an elegant, practical hand-washing solution for your school, then look no further than our six person wash fountains. Constructed from hardwearing stainless steel, this unit combines contemporary styling with unbeatable durability, while the lack of sharp corners and edges make it safe to use in junior schools, secondary schools, sixth forms and colleges. It can even be supplied with a height reduction kit for schools that accommodate younger children.

This wash fountain for six people comes with a choice of water control options (see below), a pre-installed waste fitting and integral soap dispensers, and requires no assembly - simply connect to your existing plumbing and you’ll be ready to go.

Delivery

Typically 5 to 7 working days

Tech specs

Material: stainless steel
Width: 972mm
Height (adult): 864mm
Height (junior): 659mm

Water Controls

Sensor operated (hands-free infrared)
Hand operated (push button time flow taps)

Extras

Your six person handwash station can also be supplied with the following accessories:

Height reduction kit
Reduces height from adult (864mm) to junior (659mm)

Mixing valve
We always recommend the installation of thermostatic water mixing valve (TMV3). These valves work by combining hot and cold water to a predetermined temperature, protecting your students from the danger of scalding and ensuring a pleasant temperature for hand washing.

Related products

For busier washrooms, we also sell an eight person wash fountain, while our semicircular wash fountains are ideal for schools where space is limited. We sell a wide range of other handwash fittings, including stainless steel trough sinks and solid surface wash troughs.
