

Solid Surface Stock Wash Trough

Product Code: SWTSS

Our stock solid surface trough sinks combine a clean, modern appearance with a concealed waste fitting and a robust CreaCore solid surface construction. Designed for durability and ease of cleaning, the minimalist styling makes these trough sinks ideal for schools, colleges, and sixth forms, while still delivering a smart, contemporary look for any educational washroom.

Our stock wash troughs are supplied with wall fixing studs for wall-mounted installation; however, we recommend fitting the units onto a vanity unit (not supplied by ourselves) for added support in school environments. The central 32mm waste fitting is concealed beneath the gently sloping basin, helping to reduce dirt build-up, simplify cleaning routines, and minimise ongoing maintenance—perfect for busy student washrooms.

Delivery

From stock 3 to 5 working days.

Tech specs

Material: CreaCore Solid Surface
Colour: White
Lengths: 1200mm and 1800mm
Depth (front to back): 490mm
Height (top to bottom): 125mm
Waste fitting: 32mm

Extras

These stylish incline trough sinks can be customised with any of the following extras:

Taps

[Time-flow taps](#)
[Lever-operated mixer taps](#)
[Infrared basin taps](#)
[Knee-operated basin taps](#)

Traps

[Plastic bottle trap \(32mm\)](#)
[Brass bottle trap, chrome-plated](#) with chrome flange and waste pipe

Miscellaneous

Stainless steel deck or wall mounted [soap dispensers](#)
[Paper towel dispensers](#) in stainless steel

It's always a good idea to fit a [thermostatic water mixer](#) (TMV3) to your pipework, especially where children are concerned. These valves work by mixing hot and cold water to a safe temperature before it reaches the taps. This will help protect your users from scalding and guarantee a pleasant hand washing experience.
