Wall Mounted Chilled Drinking Fountain

Product Code: ANMX311

Chilled Wall-Mounted Drinking Fountain for Schools

Our Chilled Wall-Mounted Drinking Fountain is the ideal solution for schools, promoting hydration while reducing the environmental impact of bottled water. Designed to connect directly to the mains water supply, this unit provides fresh, chilled water whenever students and staff need it. Made from durable stainless steel, it's built to withstand heavy use and maintain a high level of performance in busy school environments.

Delivery

Delivered within 1 -3 working days from stock availability

Key Features & Benefits

Effortless Hydration: 25L/hr output delivers fresh, chilled water at a comfortable temperature of 8-12°C
Space-Saving Design: Wall-mounted for efficient use of space, perfect for high-traffic areas
Eco-Friendly & Cost-Effective: Eliminates the need for disposable plastic bottles, making it a sustainable choice
Built to Last: Constructed from 1.2mm thick grade 304 stainless steel for long-lasting durability
Simple Installation: Direct connection to mains water and easy installation

What's Included

Chlorine-based water filter: Provides clean water and should be replaced every 6 months for optimal use
Installation Kit: Everything you need for fast setup.

For Use In

Perfect for schools, public spaces, gyms, and any high-traffic commercial environment where hydration is essential
