

Accessible Close Coupled Toilet - Stainless Steel

Product Code: ACCTSS

The accessible stainless steel close coupled toilet and cistern is a premium, all-in-one stainless steel toilet solution ideal for users with a range of mobility issues within school and educational washrooms. Designed with an increased toilet rim height of 480mm and an increased length of 700mm it is ideal for wheelchair users and other users who may need assistance. Manufactured for durability, hygiene, and vandal resistance, this unit is made from high-quality grade 304 bacteriostatic stainless steel — perfect for busy environments where safety and long-term reliability matter most.

With its compact design and attached cistern, the accessible close coupled toilet is easy to install and maintain, making it a practical choice for both new builds and refurbishments. Its smooth, seamless finish ensures easy cleaning and excellent resistance to misuse, making it particularly suitable for secondary schools, academies, and special educational needs (SEN) facilities.

Delivery

From stock typically 1 to 2 working days
