Cosmetal Wall Mounted Chilled Drinking & Bottle Filling Fountain

Product Code: AAF-RIVERUP-WM

Cosmetal RiverUP-WM Wall Mounted Chilled Drinking & Bottle Filling Unit

The RiverUP-WM offers a compact and efficient chilled drinking water solution designed for busy school environments where floor space is limited. With both a bubbler and a raised 23cm bottle filling tap, students can easily hydrate or refill bottles throughout the day. Its stainless steel body and ice-bank chilling technology ensure reliable, energy-efficient cooling and long-lasting durability.

Delivery

Usually supplied from stock with a 2–3 working day delivery time

Key Features & Benefits

- Space-saving wall mounted design—ideal for corridors and communal areas
- Produces up to 30 litres of chilled water per hour
- Swan-neck bottle filler enables quick refills for reusable bottles
- Chrome-plated bubbler provides a convenient drinking option
- Strong 304 grade stainless steel construction with a satin finish
- Simple 240V plug-in power connection
- Minimum 2-bar water pressure requirement
- NSF REG4 approved and CE marked
- Ice-bank chilling system reduces running costs
- Designed for indoor installation only
- Well suited to school hydration schemes and reducing single-use plastics

What's Included

- Wall-mounted chilled water unit
- Pre-installed bubbler tap
- 23cm swan-neck bottle filler

Optional Add-On:

[Installation rail with PRV, non-return valve, water block and 6-month disposable filter](#)

For Use In

Primary and secondary school corridors
Dining areas and student common rooms
Sports halls and changing room spaces
