

RWF3000 Replacement Water Filter

Product Code: RWF3000

RWF3000 High-Efficiency Water Filter Cartridge

The RWF3000 is a durable, high-capacity water filter designed to improve safety and water clarity in school and public washroom drinking stations. Its advanced two-stage filtration process effectively targets PFAS chemicals, lead, bacteria, odours, and other contaminants, providing reliable protection for high-usage educational environments.

Delivery

We offer fast and dependable UK delivery, with most RWF3000 filters dispatched within 1–2 working days
Each cartridge is individually boxed to ensure clean, safe handling upon arrival

Key Features & Benefits

Advanced Dual Filtration: Combines hollow fibre technology with a carbon block to ensure a broad spectrum of contaminant reduction
PFAS Reduction: Effectively lowers levels of PFOA, PFOS and related compounds
Health Protection: Reduces lead by more than 99.7% and removes bacteria down to 0.1 microns (ASTM F838-20 compliant)
Improved Water Quality: Enhances taste and smell by reducing chlorine and organic impurities (NSF/ANSI 42)
Long Filter Life: Designed for up to 3,000 gallons or 12 months of service
Strong Flow Rate: Provides a maximum of 1.25 GPM, supporting steady water output in peak school usage times
Safe & Simple to Replace: Quick twist-in design with a hygienic protective cap.

What's Included

RWF3000 filter cartridge
Safety cap for sanitary installation
Instructions for flushing and commissioning
