2 Inch (50mm) Dome Grated Urinal Waste

Product Code: 2DUW

Built for the demands of busy school washrooms, this 2" chrome plated dome grated urinal waste offers strength, reliability, and reduced maintenance in high-use environments.

The sturdy brass body with chrome plated finish provides excellent durability, while the dome grated design helps minimise blockages by preventing larger debris from entering the waste outlet — an important feature in primary and secondary school settings.

Designed for compatibility with standard 2" urinal outlets, this waste is suitable for both new-build school toilet projects and refurbishment works.

Delivery

From stock 1 to 2 working days

Tech specs

Standard 2" connection

Strong brass construction for long service life

Chrome plated for durability and easy cleaning

Dome grate helps reduce blockages

Suitable for high-traffic school washrooms

Straightforward installation

A practical and hard-wearing solution for education environments where reliability, hygiene, and ease of maintenance are essential.
