Fibreglass Bottle Filling Fountain (Non-Chilled)

Product Code: GRP-BF

White GRP Wall Mounted Bottle Filling Fountain with WRAS Swan Neck Tap

This wall mounted bottle filling fountain is designed for use in school corridors and shared environments where durability, hygiene and ease of use are essential. Manufactured from robust GRP (fibreglass), it provides a reliable and low-maintenance solution for refilling reusable water bottles throughout the school day.

Fitted with a WRAS approved swan neck bottle filling tap, the unit supports safe drinking water provision in line with UK regulations. Its compact, wall mounted design helps maximise available space, while the smooth surfaces and integrated splashback make cleaning quick and straightforward for facilities teams.

Delivery

Fast UK mainland delivery, typically 1 – 2 working days when available from stock.

Key Features and Benefits

Strong GRP construction designed for heavy daily use in schools
Wall mounted design keeps floor space clear and reduces trip hazards
WRAS approved swan neck spout for safe and compliant bottle filling
Push-button operation helps control water use and improve hygiene
Smooth white finish is easy to clean and maintain
Integrated rear upstand helps prevent water damage to walls
Rounded edges improve safety in pupil areas
Resistant to corrosion, impact and general wear
Lightweight unit for easier installation compared to metal alternatives
Suitable for schools, colleges, sports halls and changing areas
