Fibreglass Drinking Fountain With Bottle Filler (Non-Chilled)

Product Code: GRP-DFBF

School GRP Drinking Fountain & Bottle Filling Station with WRAS Taps

Designed for busy school environments, this wall mounted drinking fountain and bottle filling station offers a practical and hygienic way for pupils to access drinking water throughout the day. The unit combines a bubbler tap for direct drinking with a swan neck bottle filler, supporting the use of reusable water bottles.

Constructed from robust GRP, it is built to handle frequent use in education settings while remaining easy to clean and maintain. The compact wall mounted design helps maximise available space in washrooms and corridors.

Delivery

Fast UK delivery, typically within 1 – 2 working days

Key Features and Benefits

Dual-use unit with bubbler tap and bottle filling spout
WRAS approved fittings for safe drinking water compliance
Strong GRP construction for durability in schools
Wall mounted design keeps floors clear and improves safety
Smooth finish for easy cleaning and hygiene control
Rear splashback helps protect walls from water damage
Push-button operation helps reduce water wastage
Rounded edges for improved pupil safety
Suitable for schools, colleges and sports facilities

What’s Included

GRP combination drinking fountain and bottle filler
WRAS approved bubbler tap
WRAS approved swan neck bottle filling tap
Push-button valve system
Wall fixing bracket
32mm chrome waste outlet

Extras

32mm plastic bottle trap
32mm chrome plated brass bottle trap with chrome brass pipe and wall flange

Y strainer
Inline water filter

Installation Note:

For best performance, we recommend fitting a Y strainer or inline filter to help protect the valve and maintain the correct flow rate. In cold conditions, the unit should be isolated and drained to avoid frost damage. Failure to fit suitable filtration may affect the product warranty.
